

Cayman Watercolours Charitable Trust

Emma Swinyard - Grapefruit Tree Cafe

Emma Swinyard was born in the UK and relocated to the Cayman Islands in 2018. Embracing the relaxed pace of island life has allowed her more time to focus on what she loves most—painting and drawing. Over recent years, Emma has continued to develop her artistic practice, building skills across a variety of media including pencil, acrylic paint, watercolour, and chalk pastels.

Constantly inspired by the natural beauty of the Cayman Islands, her work captures vibrant sunsets, sandy beaches, and distinctive flora and fauna—scenes too striking not to preserve in artwork that can be enjoyed for years to come. In addition to landscape and nature studies, Emma also enjoys creating lifelike depictions of people and animals.
