Joanna Austin - Dreamy Snorkel

Joanna Austin was born and raised in Grand Cayman and studied illustration at Edinburgh College of Art. She works across a range of media, from large-scale acrylic paintings to intimate pen and ink drawings and watercolour works for this calendar.

2026 has been an exciting year for Jo, beginning with her being co-awarded the Bendel Hydes Award for her submission to the 4th Annual Biennial at the National Gallery of the Cayman Islands.

This year's watercolour painting is a bird's eye view of a lone snorkeler at Smith Cove. It was a completely spontaneous idea after a beautiful day taking photos along South Sound.
