Peyton Tiofilo - Sunset at Seven Mile

Year 13 Art and Design A Level Student, Cayman Prep and High School

I am an emerging artist in the Cayman Islands, exploring the theme of memories through my artwork. In this watercolour piece, I explore the way past memories can become distant and fragmented over time. I use warm colours, loose brushwork and layered washes to create a cosy, nostalgic atmosphere, reflecting how memories can feel both familiar and unclear. Through this piece, I wanted to capture a personal moment from the past and show how the places and experiences we remember continue to shape us.
